

## **WATCHGUARD V300** CONTINUOUS-OPERATION BODY CAMERA

The WatchGuard V300 continuous-operation body camera with detachable battery, wireless uploading and expansive storage addresses law enforcement's need for cameras to operate beyond a 12-hour shift.

## KEY FEATURES

**DETACHABLE BATTERY** – Easily change the WatchGuard V300's rechargeable battery while on the go. Keep an extra battery at the ready for unexpectedly long shifts, extra shifts or part-time jobs where a body camera is required.

**AUTOMATIC WIRELESS UPLOADING** – Send critical video back to headquarters while still in the field. When docked in the vehicle, the V300 uploads to evidence management systems via wireless networks like LTE and FirstNet, anytime, anywhere.

**INTEGRATED WITH IN-CAR SYSTEM** – One or more V300 cameras and a WatchGuard 4RE® in-car system can work seamlessly as a single system, capturing synchronized video of an incident from multiple vantage points.

**NATURAL FIELD OF VIEW** – Eliminate the fisheye effect from wide-angle lenses that warps video footage. Our distortion correction technology provides a clear and complete evidence review process.

**ABSOLUTE ENCRYPTION** – Elevate your data security with encryption at rest and in transit technology. V300 guards your data and your reputation.

**INCIDENT RECOVERY** – Go back in time and capture video from events days after they happened, even when a recording wasn't automatically triggered or initiated by the officer. Don't rely on mere seconds of pre-event buffering to prove your case.

## SPECIFICATIONS

Weight  
6.8 ounces

Depth  
1 1/8"

Storage  
128 GB

IP Rating  
IP 67

Resolution  
1080p, 720p and 480p
